400,000 MINERS ARE NOW IDLE

INDIANAPOLIS, April 1.—Over 400,000 bituminous miners are idle, pending the taking of the referendum vote as to whether they will strike or not and until the result of the vote is announced, there will be no coal mined in the entire districts.

It is believed that the anthracite miners will be asked to vote on the wage scale compromise as well as on the strike question.

President White is confident that the anthracite operators will follow the example of the bituminous operators, who have accepted the compromise offer.

It is thought by the leaders of the coal operators that a general tie-up will occur in the anthracite fields within the next ten days.

Claim Delegates For La Follette

SAN FRANCISCO, April 1.—According to Campaign Manager Houser, La Follette will speak 50 times in California from April 19 to May 14. He will cover the entire state and speak at every town of any size.

Houser says that La Follette expects to go before the convention with at least two hundred delegates and that the delegates will be instructed to vote for La Follette first, last and always. There will be no compromise and no second choice.

Word received from Chicago headquarters say that La Follette will enter the presidential primaries in Illinois.

LAST OF COURT HOUSE MURDERERS NEAR TO CAPTURE

TRACKS OF RINGLEADER SEEN
IN HILLS—BATTLE DEEMED
CLOSE AT HAND.

HILLSVILLE, Va., April 1.—With detectives close on the trail of Sidna Allen, ringleader of the Allen clanmen, and his nephew, Wesley Edwards, prospects today are that before another day passes the two outlaws would be captured and the entire band that riddled with bullets the Carroll county courthouse, killed five persons and wounded two others, would be in custody to await trial for murder.

Early Saturday a posse under Detective Thomas Felts got a definite clew as to the whereabouts of the remaining outlaws. Newly turned tracks in the rain-soaked mountain-side about fifteen miles from here and in the vicinity of Floyd Allen's home on Sugar Loaf mountain, were discovered. They led back to a crevice overgrown with ivy and laurel, where a bed of leaves scraped over scraps of food gave unquestioned evidence of the outlaws' last hiding place. A receipt for \$70 made out to George Easter, a resident of this section, and signed by Sidna Allen, laid nearby, apparently having dropped from Allen's pocket. The detectives believe the men had left the place not more than an hour or two before the posse discovered the clew. The approach of members of the posse, some think, caused the outlaws to flee further into the mountains.

So confident was Detective Felts that he had at last discovered the fugitives' hiding place, he immediately dispatched couriers to the small outlying posses to have them draw in and encircle the region where the two men are believed to be. Every avenue of escape thus was closed and the real work of capture was begun.

Up to dark last night no news had reached here as to the success of the sortie, but if the men are as closely trapped as the detectives think, a battle to death is imminent. Both Sidna and Edwards have declared, according to reports from the mountains, they never will be taken alive.

Claude and Friel Allen remain in the Hillsville jail. It had been expected they would be transferred to Roanoke, but every available detective was hurried out to the mountains to assist in the capture of the two remaining outlaws.

Standard Oil Kicked Out of Missouri

WASHINGTON, April 1.—The United States supreme court has upheld the constitutionality of the Missouri trust statutes, thus affirming the decision of the Missouri supreme court, which ousted the Standard Oil company and its subsidiaries, the Republic Oil company and the Waters-Pierce company from Missouri. This decision will prevent any of these companies from doing business in the state and the corporations will have to seek other fields.

The court also upheld the decision of the lower court and the companies will have to pay a fine of \$50,000 each.

The decision has been awaited with much interest, as it will have its effect on cases that are being fought in other states.

CALIFORNIA TO CAMP ON THE MEXICAN BORDER

SACRAMENTO, April 1.—State Adjutant Forbes has confirmed the report that the California militia has been ordered to be in readiness to move on short notice to the Mexican boundary. Forbes said: "In company with the regulars we have decided that a camp at Atascadero will be a suitable rendezvous. We can have five thousand men there from California in three days and ten thousand within three weeks."

It is more than likely that the California department will get orders to move within a few days, more especially if the rebels are successful at Torreón.

Aeroplane to Smuggle Arms

WASHINGTON, April 1.—Dispatches received by the war department from El Paso say that an attempt has been made to smuggle arms and ammunition to the rebels by means of aeroplanes, but that the attempt was frustrated.

Colonel Steever reports that two French aeroplanes have been held up by the customs officers and, it is believed, they were to be sent to the rebels for their use in raiding the country and also to bring ammunition over the lines, as well as to be used for the purpose of observation.

It is said that the army under the leadership of the rebel general, Orozco, is nearly out of ammunition as a result of the ten days' fighting, which is has just finished.

CHICAGO CARPENTERS HAVE WALKED OUT

CHICAGO, April 1.—The strike which was ordered Saturday among the carpenters is now in force, and as a consequence there are about eighteen thousand men out and many buildings that are in the course of erection are deserted and other trades are hampered by reason of the carpenters being idle.

Mayor Harrison has just ordered that five hundred reserve policemen be detailed for active duty and it is more than likely that the number will be largely increased within the next forty-eight hours.

The carpenters in their demand asked for a five-cent an hour increase, and upon its being denied them, they struck.

WILL ELECT THE SCHOOL TRUSTEES NEXT SATURDAY

The election for school trustees for the long and short terms for the Tonopah school district will be held at the primary school house in Tonopah next Saturday. The election of good men to the office of school trustees is of vital importance to the people of this school district, as a \$50,000 school building is to be erected in the very near future. Henry Schmidt and Jack McQuillan have filed their nominations with the county clerk and are splendid citizens for the office and should receive an overwhelming vote. Travis Lynch and George W. Johns have filed their nominations for school trustees, the first named for the long term and the latter for the short term. These two latter are members of the socialistic party and that organization will work for their election.

TAFT FAVORITE SON OF THE STATE OF OHIO

ROOSEVELT GETS NOTHING BUT
PROMISE TO HOLD PRIMARIES
FOR DELEGATES.

COLUMBUS, O., April 1.—With a control of sixteen of the twenty-one members the republican state central committee endorsed the president's administration, promised to support his candidacy, defeated a plan to give Colonel Roosevelt a complimentary resolution, and voted to choose Ohio's forty-two district delegates to the national convention by a direct primary.

The delegates-at-large, it was decided, will be chosen at district conventions.

The only victory accredited to the Roosevelt supporters was in the adoption of the direct primary plan for the selection of forty-two district delegates.

The call issued by the committee provides for holding the republican state convention in Columbus on June 3 and 4, or on the day before the first day of the democratic state convention at Toledo.

A secondary meeting of the convention will be held to name a state ticket. The Taft resolution was adopted by 155 to 5, and read:

"We hereby endorse the splendid administration of President Taft. He has been true to the people, faithful to the principles of the republican party, courageous and impartial in the enforcement of law, wise and patriotic in the administration of affairs at home and abroad. We proudly proclaim our allegiance to the republican party, and standing on its principles, heartily and without reserve or qualification, pledge our earnest, continuous and united support for the renomination and re-election of Ohio's great son, William Howard Taft."

JUST AN ERROR.
